

Automotive Edge Computing Consortium

# **Use-case and Requirement Document (URD)**

Version 1.0.1

May 10, 2018

## Table of Contents

1. Scope .....	1
2. Terms and Definitions .....	1
3. Actors .....	2
4. General Requirements .....	3
5. Use Cases and Requirements .....	3
5.1. Intelligent Driving: Vehicle Data Collection .....	5
5.1.1. Description .....	5
5.1.2. Actors .....	5
5.1.3. High-level Illustration .....	6
5.1.4. Flow .....	6
5.1.5. Requirements .....	6
5.2. Intelligent Driving: Data Processing Distribution .....	8
5.2.1. Description .....	8
5.2.2. Actors .....	8
5.2.3. High-level Illustration .....	9
5.2.4. Flow .....	9
5.2.5. Requirements .....	10
5.3. Intelligent Driving: Access Network Selection .....	11
5.3.1. Description .....	11
5.3.2. Actors .....	11
5.3.3. High-level Illustration .....	11
5.3.4. Flow .....	12

5.3.5.	Requirements .....	12
5.4.	Intelligent Driving: Inter-edge Hand-over .....	13
5.4.1.	Description .....	13
5.4.2.	Actors .....	13
5.4.3.	High-level Illustration .....	14
5.4.4.	Flow.....	14
5.4.5.	Requirements .....	14
5.5.	Intelligent Driving: Parameter Dissemination .....	16
5.5.1.	Description .....	16
5.5.2.	Actors .....	16
5.5.3.	High-level Illustration .....	16
5.5.4.	Flow.....	16
5.5.5.	Requirements .....	17
5.6.	Intelligent Driving: Service for Multiple Vehicle Systems via Multiple Cellular Networks.....	18
5.6.1.	Description .....	18
5.6.2.	Actors .....	18
5.6.3.	High-level Illustration .....	18
5.6.4.	Flow.....	18
5.6.5.	Requirements .....	19
5.7.	High-definition Map: Vehicle Data Collection.....	20
5.7.1.	Description .....	20
5.7.2.	Actors .....	20
5.7.3.	High-level Illustration .....	20

5.7.4.	Flow.....	20
5.7.5.	Requirements .....	20
5.8.	High-definition Map: Data Processing Distribution .....	20
5.9.	High-definition Map: Access Network Selection.....	20
5.10.	High-definition Map: Inter-edge Hand-over.....	21
5.11.	High-definition Map: Local Map Data Delivery.....	21
5.11.1.	Description .....	21
5.11.2.	Actors.....	21
5.11.3.	High-level Illustration.....	21
5.11.4.	Flow .....	21
5.11.5.	Requirements.....	22
5.12.	High-definition Map: Service for Multiple Vehicle Systems via Multiple Cellular Networks .....	23
6.	Overall Requirements .....	24
ANNEX A (Informative): Potential Use Cases .....		29
